University of Washington - UW Homepage		Full Stack Web Developer	linkedin		jQuery API, DOM API, HTML and CSS, MySQL	University	UW employees have a unique opportunity to change lives on our campuses, in our state and around the world.	It would be an awsome experience being able to work for such a well established University. My children would be able to attend the University Tuition free, and we would be close to where my parents live!	Again, I grew up in washington state. It doesnt get any more beautiful than the Pacific North West, on the Pudget Sound.
Uber - Explore the Uber Platform | Uber United ...		Software Engineer I	linkedin		JavaScript, HTML, CSS. React, Angular, Backbone. Node.js	Transportation	Ignite opportunity by setting the world in motion.	Its a fairly new company. This job is based out of Seattle Washington, which would be pretty cool.	It seems to be pretty straight forward coding, some of the stuff we have already learned at Codeworks, so it doesn't seem as daunting as learning something completely new.
